During the past decade, the domain of "diversity" has grown to encompass a wide range of research on a variety of phenomena. An overview of the debates and history associated with the term recently appeared in this journal (Ashkanasy, Hartel & Daus, 2002) and will not be repeated here. Instead, we begin by simply explaining how we use the term diversity in this article and describing the ...

Recent Research on Team and Organizational Diversity: SWOT ...

Many of the researchers who are investigating leadership in teams do so from a functional approach where "[the leader's] main job is to do, or get done, whatever is not being adequately handled for group needs" (McGrath, 1962, as cited in Hackman & Walton, 1986, p. 5). Within this approach the leader is effective to the degree that he/she ensures that all functions critical to task and team ...

Are judicial rulings based solely on laws and facts? Legal formalism holds that judges apply legal reasons to the facts of a case in a rational, mechanical, and deliberative manner. In contrast, legal realists argue that the rational application of legal reasons does not sufficiently explain the decisions of judges and that psychological, political, and social factors influence judicial rulings.
