Companies need simple ways to verify consumer information whether it is on the phone, online or at the point of sale. The U.S. has, on average, 3.8 phones per household while 27% of U.S. households are mobile only – leading to declines in listed landlines.

Neustar Multi-Point Identity Confidence

Definition. Marketing is defined by the American Marketing Association as "the activity, set of institutions, and processes for creating, communicating, delivering, and exchanging offerings that have value for customers, clients, partners, and society at large." The term developed from the original meaning which referred literally to going to market with goods for sale. From a sales process ...
