After 3 years of research and writing, my latest book, *Creating Cultures of Thinking*, is now out! The book draws on the work we have been doing in schools around the world and provides rich examples of the 8 Cultural Forces in action, shaping students' learning. I have to think all the amazing teachers who let me into their classrooms.

### **Welcome [ronritchhart.com]**

A key feature of the Visible Thinking approach is the Teacher Study Group as described in the School-Wide Culture of Thinking section. In these groups teachers reflect on student work, or documentation, generated by students when using routines or investigating an ideal.

Here are two lessons on theories of long term memory, covering the distinctions between episodic, semantic and procedural memories, associated research studies and critical issues. The first has a slideshow on the key concepts, accompanied by a classification task and a comparison table to complete. The second has a slideshow on critical issues and a reading on clinical case studies of episodic ...

Personal Snapshot: 1995. In 1995, I transitioned from English teacher to Web-based Educator. At the time, I calculated that in nearly a decade of classroom teaching, I'd graded over 10,000 student essays. A conservative estimate is that this equated to 145 eight-hour days of unpaid work – call it

a labour of love – because I was dedicated to not merely giving students a grade, but ...
