Mortgage underwriting in the United States is the process a lender uses to determine if the risk of offering a mortgage loan to a particular borrower under certain parameters is acceptable. Most of the risks and terms that underwriters consider fall under the three C's of underwriting: credit, capacity and collateral. To help the underwriter assess the quality of the loan, banks and lenders ...

Mortgage underwriting in the United States - Wikipedia

Pre-Qualification. This important step may assist you in negotiating your purchase contract. We'll gather some information regarding income and debts to determine how high your monthly mortgage payments can be and how much cash you will need at closing.

Education | C&F Mortgage

A conventional mortgage is any type of home buyer's loan that is not offered or secured by a government entity, but instead is available through a private lender.
