A Vendor Neutral Archive (VNA) is a medical imaging technology in which images and documents (and potentially any file of clinical relevance) are stored (archived) in a standard format with a standard interface, such that they can be accessed in a vendor-neutral manner by other systems.. This terminology is used as distinct from a traditional Picture Archiving and Communications Systems (PACS ...

Vendor Neutral Archive - Wikipedia

Neutrality is the tendency not to side in a conflict (physical or ideological), which may not suggest neutral parties do not have a side or are not a side themselves. In colloquial use neutral can be synonymous with unbiased. However, bias is a favoritism for some side, distinct of the tendency to act on that favoritism. Neutrality is distinct (though not exclusive) from apathy, ignorance ...
