Structure and inference in annotated networks, M. E. J. Newman and Aaron Clauset, Nature Communications 7, 11863 (2016). Aspirational pursuit of mates in online dating markets , Elizabeth E. Bruch and M. E. J. Newman, Science Advances 4 , eaap9815 (2018).

Mark Newman - University of Michigan

Mark Newman's "Networks: An Introduction" is the single book that one needs in order to start his or her (postgraduate) research on networks. The book explains thoroughly and from first (mathematical) principles all the aspects of networks that a researcher needs to know: from structural properties and computer algorithms to network generation models and dynamical processes on networks.
