-Sound Quality-Families of instruments-How noise is produced-difference between noise & music . Reread Chapter 21, study your notes, try to answer the review questions from the book, and go over all the section reviews. Utilize the online text book resources

Study Guide: Chapter 2: The Nature of Sound

Sound can travel through any medium, but it cannot travel through a vacuum. There is no sound in outer space. Sound is a variation in pressure. A region of increased pressure on a sound wave is called a compression (or condensation). A region of decreased pressure on a sound wave is called a rarefaction (or dilation). The sources of sound ...
