### **Strange New World: New Earth by Ben Bova | Tor.com**

The Grand Tour is a series of novels written by American science fiction author Ben Bova. The novels present a theme of exploration and colonization of the Solar System by humans in the late 21st century. Most of the books focus on the exploration of one particular planet or planetary moon. Several recurring themes are presented throughout the series.

### **Grand Tour (novel series) - Wikipedia**

Ben Bova's works are often very extensive, chronicling man's exploration of the stars in gross detail, often from numerous points of view and across various novels, series and plots, one of the most popular of which is the Grand Tour, which constitutes more than a dozen novels whose chronological order is often the subject of debate, even ...
