I was hooked from the very first page of One Night in Sorrento. As a self-confessed and well-documented Italophile, there is no way I can pass over any book set in, or about, Italy, particularly the gorgeous Amalfi region.

**One Night in Sorrento Kindle Edition - Amazon**

Chick Lit The book is complete chick-lit but not without interest, the characters are quite well drawn. I bought this in the hope it would have an Italian language flavour but sadly almost no Italian words to be found, and I still don't know which one night in Italy the title refers to.
