Quia - Lab Equipment Quiz

In the Thomson Cathode Ray Tube Experiment, it was discovered that you can use the deflection of an electron beam in an electric and magnetic field to measure the charge-to-mass ratio (q/m_e) of an electron. If you then want to know either the charge or the mass of an electron, you need to have a way of measuring one or the other independently.

Chemistry - PhET Simulations

identify an unknown chemical compound, or to verify a fact previously presented in a lecture. Lab manuals using this method are generally written in “cookbook” style, and students are expected to follow explicit, step-by-step directions. All students in the laboratory do the same procedure and only look for “the answer.”

Guided Inquiry in the Chemistry Laboratory Experience

I am really confused on how to write a chemistry lab report. I don't know how to format it or anything. I take it online. Any guidelines would be really helpful. Also, what are analysis questions for in labs and where do you answer them in your report. Sorry! I am really clueless. Thanks in advance!
