By Dr. Sean Paul. If your child plays video games on a traditional console, computer, tablet, or their smartphone, they are not alone. In the US, about 90% of children and adolescents play video games; of this group, 65% of males and 35% of females are daily video game players. The majority of players have a healthy relationship with video games.

4. Some Things Will Never Change. Out of his front windows George could see nothing except the sombre bulk of the warehouse across the street. It was an old building, with a bleak and ugly front of rusty, indurated brown and a harsh webbing of fire-escapes, and across the whole width of the facade stretched a battered wooden sign on which, in faded letters, one could make out the name--"The ...
