Marquette, home of Northern Michigan University, was ranked as one of the safest college towns in America, according to The SafeWise Report. Northern takes pride in having a campus that is caring, inclusive and ready to take action in light of safety concerns.

Home | Mathematics and Computer Science

The area of study known as the history of mathematics is primarily an investigation into the origin of discoveries in mathematics and, to a lesser extent, an investigation into the mathematical methods and notation of the past. Before the modern age and the worldwide spread of knowledge, written examples of new mathematical developments have come to light only in a few locales.

Best Answer: You list your expenses, so I assume you aren't spending all you income and your question is about what to do with all the extra money each month. The simplest thing is to put it in a savings account. That will sit there and not earn you much (any really) interest or grow. From there it's all about how much risk you want to take and how quickly you want access to your money. Taking ...
