Prioritise your KS2 SATs preparation. If ever your school week is going to look a little different it's in these few weeks before KS2 SATs. As the children aren't tested on their ability to write long pieces of writing you may want to focus instead on spelling, grammar and punctuation (there will still be lots of opportunities for short burst writing so children 'keep their hand in').

Mental calculation comprises arithmetical calculations using only the human brain, with no help from any supplies (such as pencil and paper) or devices such as a calculator. People use mental calculation when computing tools are not available, when it is faster than other means of calculation (such as conventional educational institution methods), or even in a competitive context.
