Blood pressure (BP) is the pressure of circulating blood on the walls of blood vessels. Most of this pressure is due to work done by the heart by pumping blood through the circulatory system. Used without further specification, "blood pressure" usually refers to the pressure in large arteries of the systemic circulation. Blood pressure is usually expressed in terms of the systolic pressure ...

Lately, I've come across a number of questions online by plainly anguished people, asking: Why do I have no friends, no life? The first time I saw one this blunt, I reacted almost defensively, laughing as I recalled an old film in which a man hires a private detective to find out why he has no friends. Isn't it obvious? But I knew so well how much the question implied.
