Dungeons & Dragons is a structured yet open-ended role-playing game. It is normally played indoors with the participants seated around a tabletop. Typically, each player controls only a single character, which represents an individual in a fictional setting. When working together as a group, these player characters (PCs) are often described as a "party" of adventurers, with each member often ...

Although the megapixel race has been going on since digital cameras had been invented, the last few years in particular have seen a huge increase in resolution – we have seen everything from 41 megapixel camera phones to now 50.6 megapixel full-frame DSLR cameras. It seems like we have already reached the theoretical maximum for handling noise at high ISOs with the current generation sensor ...

Teal stage of consciousness. To understand the Teal organizational paradigm it is necessary to understand the level of human consciousness that it comes from. Abraham Maslow, the pioneering psychologist, and other authors agree that the shift from Green to Teal is a particularly momentous one in the human journey — so much so that Clare W. Graves, another psychologist known for his work in ...
