9781617290183 - Machine Learning in Action by Peter ...

Machine learning is turning data into information. Machine learning lies at the intersection of computer science, engineering, and statistics and often appears in other disciplines. As you'll see later, it can be applied to many fields from politics to geosciences. It's a tool that can be applied to many problems.

Machine Learning in Action - Amazon Web Services

Peter holds five U.S. patents and his work has been published in three academic journals. He is currently the chief scientist for Zillabyte Inc. Prior to joining Zillabyte, he was a machine learning software consultant for two years. Peter spends his free time competing in programming competitions and building 3D printers.
