Our high-level objectives are loosely defined and cannot be completely broken down in advance into specific goals and actions. Good problem solving and decision making is necessarily oblique because in the process of solving problems we learn not just about strategies for achieving our high-level objectives but about the nature of the objectives themselves.

Obliquity: Why Our Goals Are Best Achieved Indirectly. Socrates was an uncompromising stirrer. He delighted in his chosen calling - the crushing of conventional wisdoms to provide a solid pathway to the truth. Hurrah for Socrates, an inspiration to us all. He should be the patron saint of management and of academe. Sadly, he is not.
