Motorola Wireless Network Solutions

Motorola Solutions began trading as a separate independent company on January 4, 2011, under the NYSE symbol MSI. It is the legal successor of the old Motorola, Inc. (founded in 1928); the transaction was structured so the old Motorola changed its name to Motorola Solutions and spun off Motorola Mobility as a separate company. Motorola Solutions retained the old Motorola's pre-2011 stock price ...

Wireless Application Protocol (WAP) is a technical standard for accessing information over a mobile wireless network. A WAP browser is a web browser for mobile devices such as mobile phones that uses the protocol. Introduced with much hype in 1999, WAP achieved some popularity in the early 2000s, but by the 2010s it had been largely superseded by more modern standards.
