You're trying to read cat body language the way you would a dog, and that's not how it works. Stretching the paws (kneading) is a motion that they do as kittens with their moms while nursing, it's a sign that they are extremely relaxed and affectionate.

Feeling cute now, might kill you later, idk. : aww

Grabbity is the enemy of all kitties. This I know, for I have fought grabbity my entire life. When I was but a kitten, grabbity was my constant foe striking out again and again as I stumbled my way through life.

Reader's Comments ()Author's Note: Author's Note: I re-discovered this partial story on an old PC. I started it about five years ago and decided to play around with it again while on holiday. As per my other story, my command of written English especially punctuation has never been that good, so please allow a little leeway.
