MATH Olympiads - Mathematics at Ghent University

The International Mathematical Olympiad (IMO) is the most important and prestigious mathematical competition for high-school students. It has played a significant role in generating wide interest in mathematics among high school students, as well as identifying talent. In the beginning, the IMO was a much smaller competition than it is today.

Problems and solutions from the 53rd International Mathematical Olympiad 2012

The 53rd International Mathematical Olympiad: Problems and ...

From 1972 until 1995 each competition had a single paper of 5 questions (to be solved in 3 1/2 hours). Thereafter each competition has had two papers each with 3 questions (originally 3 hours for each paper, 4½ hours from 2002). So there are a total of 168 problems to date. I have put up solutions for all problems.
