Deterrence theory is the idea that an inferior force, by virtue of the destructive power of the force's weapons, could deter a more powerful adversary, provided that this force could be protected against destruction by a surprise attack. This doctrine gained increased prominence as a military strategy during the Cold War with regard to the use of nuclear weapons and is related to, but distinct ...

Healthy workplaces: a model for action - who.int

This study originated as the original draft of Marine Corps Doctrinal Publication 1-1, Strategy (1997). Although it was written under USMC auspices, there is nothing service-specific about it. Rather, it was designed to address the fundamental question, "What is the role of organized violence in the pursuit of political goals?"
