Retail is the process of selling consumer goods or services to customers through multiple channels of distribution to earn a profit. Retailers satisfy demand identified through a supply chain. The term "retailer" is typically applied where a service provider fills the small orders of a large number of individuals, who are end-users, rather than large orders of a small number of wholesale ...

After reviewing each paper, two researchers independently attempted to classify the articles into emergent themes. An initial coding scheme for classifying the primary focus of each article was developed, and after numerous discussions and iterations was finalized into the nine subthemes listed in Table 1. To obtain an initial assessment of reliability, we independently coded the references to ...

Ian Ayres and Barry J. Nalebuff, "Diversification Across Time," Yale Law & Economics Research Paper No. 413, Oct 4, 2010. This outstanding paper discusses the idea of spreading one's stock exposure more evenly across their lifetime, which should then reduce the riskiness surrounding the ending wealth.
