Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.

Self-control Self-control is the problem of considering what we want now versus what is good for us in the long-term. When our preferences in the moment are inconsistent with our ideals for the future, we are stuck battling the heat of the moment - which sadly has a much more pronounced influence over our decisions than our aspirations for the distant future.
