Kindergarten Resources. If your child is around 5 years of age, you are likely getting ready to start them in kindergarten. Many states require that their school districts offer either a half-day or full-day kindergarten program, so once you find a program for your student, it's time to start discovering what your child will be learning.

Making the Leap from Words to Phrases. Research tells us that toddlers with typically developing language possess a single-word spontaneous vocabulary of 35-50 words before they begin to combine words into two-word phrases. We should use this same guideline when deciding when to target phrases with children who are late talkers, those with language disorders, and especially in children with ...
