### **Nejma Nayyirah Waheed**

"Nejma" by Nayyirah Waheed is a poetry collection which is kinda overlooked in the shadow of "salt" but you will definitely not be disappointed when you give this one a go. The poems come from a place of suffering, of introspection and then they sweep you to places of the heart and mind that you never thought you'd venture.

The poem above epitomizes Nayyirah Waheed's transcendence of language in her follow-up to her collection Salt. Nejma feels ethereal from cover to cover, a stark difference between the minimalistic style of her first collection.

Nejma felt more spiritual, deeper within her. Traveling from home to childhood. There's also stars and gravity, atmospheres. I had a silly thought while reading this, I wondered what would it be like if Waheed wrote a science fiction novel, I'm not sure why, but I kind of got a sci-fi feel from this.

After reading salt, I purchased Waheed's second collection of poems which was published in 2014, entitled nejma. nejma wasn't as refreshing and cohesive as salt, but nevertheless I believe Nayyirah Waheed has a gift with words. Definitely consider reading this collection of poems – it is full of original, brave, healing words.
