Number Talks: Fractions, Decimals, and Percentages

A number talk is a strategy to practice computational fluency with students. It helps students use relationships with numbers and operations to build fluency and number sense.

Math / Number Talks - Hood River County School District

number talks Number talks were developed for classroom teachers to engage students in "mental math" through grappling with interesting mathematics problems. Educators can use number talks regularly as introductions to the day's mathematical practice, as "warm ups" for other lessons, or as stand-alone extended engagements with mathematical concepts.
