Solutions to Practice Exercises We provide solutions to the Practice Exercises of the Ninth Edition of Operating System Concepts , by Silberschatz, Galvin and Gagne. These practice exercises are different from the exercises provided in the text.

Operating System Concepts - Practice Exercises

Practice Exercises. Answer: Generally, operating systems for batch systems have simpler requirements than for personal computers. Batch systems do not have to be concerned with interacting with a user as much as a personal computer. As a result, an operating system for a PC must be concerned with response time for an interactive user.
