Network Solutions email on iPhone Settings | POP/IMAP

Windows Mail and IMAP problems. When I send an email using Thunderbird or the webmail client (through Network Solutions), the sent mail properly goes to the "Sent" folder. Same is true for my Drafts, my Junk mail, and my Deleted items. They are not going to the folders that I specified, but rather to the folders under Local Folders.

Windows Mail and IMAP problems - Microsoft Community

More about IMAP. It is a method that allows you to access electronic mail or messages that are kept on a mail server. In other words, email stored on an IMAP server can be read and responded to from a desktop computer at home, a workstation at the office, or a laptop computer while you are traveling, and you do not need to transfer these messages back...
