Why is it that some students study really hard, but aren't the best in their age group or get "only" average grades? And why is it that there are other students who do not even invest half the amount of time and effort into their studies, but get good or even outstanding results?

### **How to Study Smart not Hard - Planet of Success**

This article honestly gets it right, it is hard to forget and even harder for me sometimes.. my brothers constantly call me. Fat bitch or a fat slut, playing it off as just messing around.. often times I feel like no one cares and that I'll never be pretty enough so why even bother.

When you write your research paper, depending on the field of your study, you need to follow a specific format. The use of a specific format is like mathematicians use symbols to transmit information. Each field i.e. physics, chemistry... designed styles to meet their specific needs. When you study in a particular field
