Mentorship is a relationship in which a more experienced or more knowledgeable person helps to guide a less experienced or less knowledgeable person. The mentor may be older or younger than the person being mentored, but he or she must have a certain area of expertise. It is a learning and development partnership between someone with vast experience and someone who wants to learn.

When asked how students learn these qualities of an ideal graduate, teachers and administrators say that it sometimes happens in traditionally taught classrooms, but they acknowledge that it's inconsistent at best. Our workshop participants then go on to learn how project based learning (PBL) provides opportunities for students to build these qualities, as well as more deeply learn traditional ...
