I have a mapped network drive, on which I store some programs, one of which I've put in my startup folder. Unfortunately, this program "does not have a valid digital signature", which means that every time I reboot, I get a security dialog, asking me whether to run it.

Disable Windows 7's "Open File - Security Warning" dialog for exe on network drive? - Super User

Every student's journey is unique, so rather than view this page as a step by step instruction manual, use it as a general guide to get started and then work with your local academy to complete your education. It may even be helpful to show this page to your counselor along with the courses which interest you.
