Management Accounting: An Overview Chapter 1 that its benefits exceed its costs. Hence, successful managers will find it in their self-interest to learn how to use accounting information in these organizations. Clearly, this statement is incurred in those firms where accounting information has very limited usefulness (e.g., if the accounting information is often wrong or is not produced in a ...

The other contents of the book can also be found on her other books like financial management and even management accounting. For the later chapters regarding the computation, I prefer to read the explanations on financial management because it's less wordy and provides more illustrations to solve.
