My Name Is Memory Ann

My Name is Memory is a love story unlike any I have ever known. Ann Brashares unravels her tale a bit at a time and toys with her audience much like a cat bats a ball of yarn.

My Name Is Memory by Ann Brashares - Goodreads

My Name is Memory is an excellent book until the ending which was the worst ending of any book that I have read in 44 years of reading. The ending was written as a cliffhanger to a sequel which has never been published. I know that the book did not do well enough to publish a sequel but in this day and age Anne could do a self-published book.

Book Summary. Life after life, crossing continents and dynasties, he and Sophia (despite her changing name and form) have been drawn together - and he remembers it all. Daniel has "the memory", the ability to recall past lives and recognize souls of those he's previously known. It is a gift and a curse.

Summary and reviews of My Name Is Memory by Ann Brashares

My Name is Memory is in huge contention for the most romantic book I have ever laid hands on. The story of Daniel is one that is both fascinating and unnerving. I found the concept of reincarnation common enough, but to carry the memory of it all - both a gift and a curse to our hero - is a fresh albeit as intriguing twist to the idea.
