Fish oil and krill oil both provide DHA and EPA. While fish oil also contains both essential omega-3s, there is an advantage to the DHA and EPA in krill [].Whereas the omega-3s in fish oil are bound to triglycerides, in krill they are bound to phospholipids, making it simpler and easier for the intestines to absorb.

-A young Omega child being adopted into a family that already has an Alpha child and bursting into tears when the two meet and the little Alpha very bluntly says, "You don't smell right at all"

because the Omega doesn't smell like 'home' or 'family' after being lightly scolded and corrected by his mother, the little Alpha feels awful for upsetting their new sibling.

Alpha Trion is one of the oldest living Transformers, and with that age comes a nuanced understanding of his race and their place within the universe. In his youth, he went by the name A-3, and in this time, he helped lead the enslaved Cybertronians in their rebellion against their cruel masters, the Quintessons. As a result, he was instrumental in first establishing Cybertron as an independent ...
