I love reading the Millennium Snow series. It is so funny, some romance, and action. I am so glad Amazon have millennium snow volumes 1 & 2 in one book. It literally a 2-in-1 book. The book was really big compared to a single volume, but that is to be expected since this book has volumes 1 & 2 combined.

review 1: So, how many times are you randomly browsing in a bookstore and find the next book in a series that has been on hiatus for years??My reaction exactly. This one snuck up on me. No idea the author decided to finish it. Comparing the new volume to the bonus material in the back, the author's art has definitely improved. I really should have re-read volumes 1 and 2.
