Question 949850: the tortoise and the hare have their long awaited rematch. the tortoise gets a 1000 foot lead and runs at 9 inches (.75ft) per second. the hare begins at the starting line and runs at a rate of 6 ft per second. There is also a rat in the race, he starts at 1200 feet ahead of the hare and runs back towards the starting line at a rate of 2 feet per second.

the tortoise and the hare have their long awaited rematch.

This is the second day of the five day project. In the last lesson, the students built functions to model the rematch between the tortoise and the hare, and then used the functions to find important information about the race.. I have student pairs join with a neighboring group to compare their answers. For any discrepancies, the students will review their work and decide upon the correct ...
