"In mania, I'm thinking about you, but I might also think about how you're a means to an end for my own self-aggrandizement." In a clinical setting, the feeling of being in love isn't usually what brings someone in for treatment, says psychiatrist Yatham, MBBS, FRCPC, but it can certainly be one of the symptoms of mania.

Is It LOVE, Or Is It MANIA? | bpHope.com

Mania is a facet of type I bipolar disorder in which the mood state is abnormally heightened and accompanied by hyperactivity and a reduced need for sleep. By contrast, hypomania (often described as "mania-light") is a type II bipolar disorder which neither has the range nor severity of symptoms that classic mania has.

Symptoms of Mania in Bipolar Disorder - Verywell Mind

It's tough to go through the mood swings of bipolar disorder. Depression can make it hard to do the things you want and need to do. During manic periods, you may be reckless and volatile. The ...

Bipolar Mood Swings, Stabilizers, Triggers, and Mania

Mania, also known as manic syndrome, is a state of abnormally elevated arousal, affect, and energy level, or "a state of heightened overall activation with enhanced affective expression together with lability of affect." Although mania is often conceived as a "mirror image" to depression, the heightened mood can be either euphoric or irritable; indeed, as the mania intensifies, irritability ...

Mania - Wikipedia

Hypomania (literally "under mania" or "less than mania") is a mood state characterized by persistent disinhibition and mood elevation (euphoria). It may involve irritation, but less severely than full mania. According to DSM-5 criteria, hypomania is distinct from mania in that there is no significant functional impairment; mania, by DSM-5 definition, does include significant functional ...

Hypomania - Wikipedia

Mania (or its lesser form, hypomania) is one component of bipolar disorder. A person in a manic episode will feel like they can do anything, feeling euphoric all the time, and full of constant energy.

My brain deludes my consciousness and things become very alarming. Arguments become extremely intense, possessions get destroyed, and I become completely out of control. I have seen spider like things crawling in my foot and a large creature from a sci-fi movie moving around in the light in my bedroom. The horror of this is immense.
