Discourse 5. Knowledge its Own End {99} A UNIVERSITY may be considered with reference either to its Students or to its Studies; and the principle, that all Knowledge is a whole and the separate Sciences parts of one, which I have hitherto been using in behalf of its studies, is equally important when we direct our attention to its students.

At the beginning of the 20th century the automobile was a plaything for the rich. Most models were complicated machines that required a chauffeur conversant with its individual mechanical nuances to drive it. Henry Ford was determined to build a simple, reliable and affordable car; a car the average American worker could afford.
