Hey, thanks for the advice Ty. You see, after writing 300 or so pages of original material, every now and then I like to steal a few bits from someone famous like George Carlin just to see if I can sneak it in under the radar despite the fact that it would be impossible to get away with since millions of people have seen his performance.. What I didn't count on was that an astute reader such ...

Smartness and mathematics have an unhealthy relationship. If you have been successful in math, by public consensus, you must be smart. If you have been successful in the humanities, you may also be smart but we cannot really be sure about that now can we, says public consensus.. In a world where our finest mathematical minds ruined the global economy and perpetuate unequal social outcomes ...
