Those are great educational play activities. I love your ideas for teaching the difference between a mixture and a solution in a meaningful way. Families can try out your mixtures and solutions and then come up with their own too. Thank you for sharing this on Artsy Play Wednesday on Capri + 3.: 0 ) Theresa

### **Fun preschool science - Making Mixtures**

Like a mixture, solutions can be separated into its original components. However, unlike mixtures, solutions can be separated by evaporation. For example: the water and salt solution will evaporate as the solution is heated. The water will change from liquid to gas as the water-salt solution begins to boil, leaving only the salt behind.
