The Blues have held off the fast-finishing Waratahs 32-29 to continue their impressive run at home. The Blues would get off to a flying start, racing out to a 17-0 lead within 20 minutes. However, the Waratahs recovered from the slow start, fighting back into the match and they kept within striking distance for the [...]

An optical fiber is a flexible, transparent fiber made by drawing glass or plastic to a diameter slightly thicker than that of a human hair. Optical fibers are used most often as a means to transmit light between the two ends of the fiber and find wide usage in fiber-optic communications, where they permit transmission over longer distances and at higher bandwidths (data rates) than electrical ...
