In philosophy, naturalism is the "idea or belief that only natural (as opposed to supernatural or spiritual) laws and forces operate in the world." Adherents of naturalism (i.e., naturalists) assert that natural laws are the rules that govern the structure and behavior of the natural universe, that the changing universe at every stage is a product of these laws.

Blood quantum laws or Indian blood laws are those enacted in the United States and the former Thirteen colonies to define qualification by ancestry as Native American, sometimes in relation to tribal membership. These laws were developed by European Americans and thus did not necessarily reflect how Native Americans had traditionally identified themselves or members of their in-group, and thus ...

Supporting Healthy Lands The BLM manages three types of habitats to support conservation as we pursue our multiple-use mission: rangelands, forests, and wetlands. We develop and implement strategies for healthy native plant communities and soil, air, and water management across all three habitats. These strategies promote working public lands that benefit current and future

Question: "What are the religious / spiritual beliefs of Native Americans?" Answer: Native Americans is a generic reference to people groups who lived in North and South America prior to the arrival of European explorers. Given the size of those two continents and their diverse landscapes, it is no surprise that Native American cultures varied drastically from group to group and from tribe to ...
