Foods to avoid giving babies and young children Salt. Babies shouldn't eat much salt, as it isn't good for their kidneys.. Don't add salt to your baby's food or cooking water, and don't use stock cubes or gravy, as they're often high in salt.

Foods to avoid giving babies and young children - NHS

An infant (from the Latin word infans, meaning "unable to speak" or "speechless") is the more formal or specialised synonym for "baby", the very young offspring of a human. The term may also be used to refer to juveniles of other organisms. A newborn is, in colloquial use, an infant who is only hours, days, or up to one month old. In medical contexts, newborn or neonate (from Latin, neonatus ...

Infant - Wikipedia

A designer baby is a baby whose genetic makeup has been selected or altered, often to include a particular gene or to remove genes associated with disease. This process usually involves analysing human embryos to identify genes associated with disease, and selecting embryos which have the desired genetic makeup - a process known as pre-implantation genetic diagnosis.

Designer baby - Wikipedia
