Postcolonial literature is the literature by people from formerly colonized countries. It exists on all continents except Antarctica. Postcolonial literature often addresses the problems and consequences of the decolonization of a country, especially questions relating to the political and cultural independence of formerly subjugated people, and themes such as racialism and colonialism.

Contrastive rhetoric is the study of how a person's first language and his or her culture influence writing in a second language or how a common language is used among different cultures. The term was first coined by the American applied linguist Robert Kaplan in 1966 to denote eclecticism and subsequent growth of collective knowledge in certain languages.
