Have noticed a few people having problems with resolution sticking on 1024x768 on Vista after updates! It's not generally a drivers problem for the monitor or the graphics card unless they have reverted to default drivers after an update then installing the latest manufacturer drivers for the monitor and graphics may well fix the problem.

Hello, the TF2 resolution doesn't fit into my screen. My screen size is 1366x768. When TF2 doesn't fit into my screen, it causes some problems. For example, in MvM, the ping shown is hidden in the HUD by the borders. Same for normal play, but only the first or second number shows (Ping is 120, but shows only 12, and for 10, it is 1)
