Stephen Richard Menheniott (4 June 1957 – January 1976) was an 18-year-old English man with learning difficulties who was murdered by his father on the Isles of Scilly in 1976. This case was significant as not only was it a rare example of a murder on the islands, but it also called into question the way Stephen was dealt with by social services and led to questions in Parliament and an inquiry.
