He teaches in NYU Stern executive education programs in the U.S., Europe and Asia, focusing primarily on digital strategy and governance. He teaches full-time MBA students about hi-tech entrepreneurship, undergraduates about networks, crowds and markets, and doctoral students about digital economics. He is an occasional angel investor.

NYU Stern - Arun Sundararajan - Professor of Business
Forecasting the flow of crowds is of great importance to traffic management and public safety, and very challenging as it is affected by many complex factors, such as inter-region traffic, events, and weather. We propose a deep-learning-based approach, called ST-ResNet, to collectively forecast the inflow and outflow of crowds in each and every region of [...]
