ENSURE COMPLIANCE WITH THE GENERAL DATA PROTECTION REGULATION (GDPR) USING NETWORK PERFORMANCE MONITORING SOLUTIONS WITH SECURITY FORENSICS. GDPR applies to any business operating in the European Union (EU), no matter where the organization is located.

General Data Protection Regulation (GDPR) Compliance

When it comes to computer network support, a data breach is one of the least desirable outcomes. A business that suffers an untimely data breach can take years to recover (if at all) and the costs of these data breaches can also keep a business from having a chance to reach its full potential.

The Damages Caused By Data Breaches - PC Network Solutions

Recently, we learned that the total number of accounts that may have been compromised in the IRS data breach might have exceeded 330,000. That alone's already more than twice the original estimates when the breach was first disclosed in May. But aside from the growing numbers, there are a couple more details that really stand out.
