object thinking. The author will unabashedly, adamantly, and consistently advocate behavior as the key concept for discovering, describing, and design-ing objects and components. The centrality of

CRC (Class-Responsibility-Collaborator) cards as an object thinking device or tool will likely be viewed as anachronistic

Object Thinking

Object thinking claims to lead to the discovery and crafting of composable objects. The goal is to create a mindset that leads to evolving flexible applications and systems that directly reflect and support an application domain. Reuse will emerge, but it is not a driving force." — David West, Object Thinking
